

Weapon Storage Solutions

...when it really matters!

EXPANDABLE WEAPON RACKS

Specifically designed to be modular and accommodate most small arms requirements. Used in secure areas such as armories and vaults on a small or large scale. This unique system is available in; Two standard heights 84"(2134mm) and 50" (1270mm); Two Standard widths 34"(864mm) and 40"(1016mm) and Single or Double Sided. In just seconds you can change your system to accommodate different sizes, shapes and quantities. See pages 8 & 9 for components.

Patent Pending

- Two modular widths of 34" (864mm) & 40" (1016mm)
- Single & double sided solutions
- Stores rifles with attached scopes & accessories
- Components interchangeable with all IWSP storage systems
- Easily assembled
- See page 8 & 9 for full line of storage components

EXPANDABLE WEAPON RACKS

DOUBLE Sided 50" & 84" heights available as standard

SINGLE Sided 40" W x 84"H unit has a 24 rifle capacity

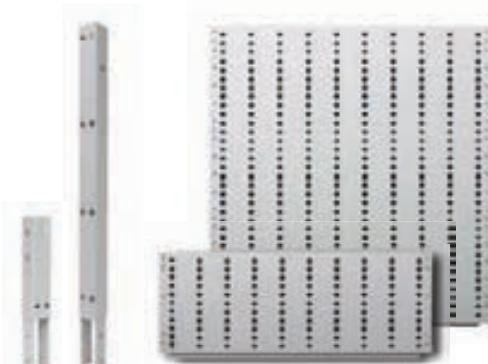

Design your rack "your way". Storage components on page 8&9 are used to create your own solution.

For smaller requirements or height restrictions we have designed the same flexibility in our 50" High units.

Single sided wall units save a large amount of floor space and give you the flexibility to re-configure or add-on immediately.

Increase the height of your unit at any time utilizing 12" or 34" extension posts and panels

Can be installed on space saving mobile systems

STACKABLE WEAPON RACKS

Our modular Stackable Weapon Racks are extremely flexible for small arms storage. Securely store your weapons vertically or horizontally utilizing specific mounting components. Racks can be STACKED for space efficiency and can be configured and re-configured at any time.

Patent Pending

64.5"H (1638mm)
42" W (1066mm) x 15" D (381mm)

Security Gates c/w
ABLOY key lock and
Padlock Hasp

48"H (1219mm)
42" W (1066mm) x 15" D (381mm)

2 Capacity Mobile
Bases available

- Racks are stackable
- Racks can be secured side to side or back to back
- Racks can be secured to wall and/or floor
- Complete with 'eyelets' to chain firearms
- Stores rifles with scopes & accessories
- Optional Carry Handle

Optional Rapid Deployment bases available

STACKABLE WEAPON RACKS

Individual or smaller requirements now have a solution with the **Weapons Locker**. Just as versatile as the standard stackable Weapons Racks, in a smaller foot print, these units can be secured to walls, floors and each other to create the ultimate in space efficiency.

Weapons Locker is compatible with Standard 42"W Stackables, ratio of 3:1

Weapons Locker

- Individual Secure Weapon Storage
- Interchangeable storage components
- Stack and/or connect side to side & back to back
- Pad lockable

48"H (1219mm)
14" W (356 mm) x 15" D (381mm)

Carl Gustav Secure Weapons Cabinet

Specially designed to store Carl Gustav M2/M3 Weapons.

- 4 Capacity
- Pad Lockable outer Gates with Abloy Keylock
- Pad Lockable Cannon Saddle (2 capacity)
- 64.5"H (1638mm) x 42"W (1066mm) x 21"D (533mm)

Hinged Locking Bar

WEAPON STORAGE CABINETS

Designed for storage of any size rifle, shotgun, handgun or personal defense weapon stored vertically or horizontally. Each Cabinet is standard with an all steel outer tambour door that is bi-parting. Exterior Padlock Bars, Inner Gates and/or 3-compartment handgun/evidence inserts can be added to maximize the cabinet and its security.

- Available in FOUR heights
- Stores rifles with attached scopes & accessories
- Optional internal Security Gate c/w ABLOY key lock
- Internal components can be re-configured easily
- Optional internal security gate with ABLOY key lock
- All cabinets are 36" Wide (914mm) x 22" Deep (559mm)

60"H (1524mm)

64"H (1625mm)

72"H (1829mm)

83"H (2108mm)

WEAPON STORAGE CABINETS

Weapon Storage Cabinets are available in 60, 64, 72 & 83" heights. Choose from Hand Gun Compartments, M4/C8 Rifle Drawers, Lockable Storage Drawers & Roll-out Work Shelves to design your own Weapons Cabinet. All components are secured inside the Weapons Cabinets prior to shipping but can be changed with little effort if your requirement changes in the future. All cabinets are complete with a bi-parting steel tambour door with key lock.

Weapon Cabinets available in Black Santex or Grey Santex

83" Weapon Cabinet shown with
14 - (3)Compartment Hand Gun Inserts
and **1** Work Shelf

83" Weapon Cabinet shown with
9 - (3)Compartment Hand Gun Inserts, **1** Locking
Storage Drawer, **1** M4 Drawer and **1** Work Shelf

3 Compartment Hand Gun Insert

- 3 point lock mechanism
- 3 Abloy key locks (2 keys per lock)
- Internal rubber matting in each compartment

Storage Drawer with Lockable lid

- Abloy lockable hinged lid
- 2 HD spring hinges
- 100 lb capacity

Rifle Drawer for M4/C8 Rifles (5 capacity)

- 2 Abloy key locks
- Heavy gauge lock down bar
- Rifle stock and barrel rest

COMPONENTS

- All components are interchangeable in any of the Weapon Storage Systems that use our universal gun panel
- Each component can be relocated any time your weapon inventory changes

Barrel Saddles

- Adjustable Dividers
- Heavy-Duty Transit Wheels
- Collapsible Extension Handle
- Pad-Lockable
- High Density Polyethylene construction with steel reinforced corners and edges

Recessed Carry Handles and pad-lockable hasps

M2 / .50 CAL MACHINE GUN RACK

Manufactured of HEAVY Gauge steel and designed to securely store (4) M2 receivers and (8) .50 CAL Barrels. Receivers and barrels can be secured with padlocks. Rack can be secured to the floor, wall, side by side or back to back.

54"H (1371mm) x **55"W** (1397mm) x **12"D** (330mm)

The barrels are stored vertically in two groups of 4 and padlocked through a steel support plate and steel hinged plate. The lower portion of each barrel is cradled in its own heavy steel support base.

Each M2 Machine Gun is secured with a lock paddle that slides through the "action slot" in the M2. In turn, the cylindrical locking bar then slides through the end of each lock paddle and is secured with a padlock. (padlock not included)

All four M2 guns are locked and unlocked simultaneously with an all steel cylindrical locking bar that slides through the lock paddles. Once the locking bar has been removed there is easy access to the guns as the locking bar is stored on two hooks in the inner top portion of the rack.

Optional 4 capacity Barrel Support attaches to the top of the M2 rack. Adjustable in width and easily installed.
